

SoftTouch iSeries

Mobility and Customer Self-Service Solutions

SoftTouch iPOS

Handheld Ordering solution for restaurants and eateries looking to reduce costs and increase operational efficiency.

SoftTouch iTable

Customer table-side solution to place orders, request staff assistance and make payment right from the table.

SoftTouch iKiosk

Affordable self-service solution for restaurants and eateries.

SoftTouch iPOS

SoftTouch iPOS Handheld Ordering for SoftTouch POS is the perfect solution for restaurants and eateries looking to reduce costs, improve customer satisfaction and increase operational efficiency.

SoftTouch iPOS is ideal for servers, cocktail wait-staff, host staff, management and anyone else benefiting from tableside mobility when taking customer orders or accepting customer payment. It's also an excellent line-busting solution for QSR operators.

- » Faster, more efficient service
- » Increased table turns
- » Less training time
- » Less training time
- » Greener POS solution
- » Reduced Labor Costs

SoftTouch iTable

SoftTouch iTable is an affordable table-side, customer self-service solution for restaurants and eateries. Patrons can place orders, request staff assistance and make payment right from their table.

SoftTouch iTable uses an intuitive user interface to quickly guide customers through the ordering process. Separate checks? No problem! Patrons can easily maintain their own guest check and pay independently from other guests at the same table.

SoftTouch iTable easily mounts table side using a variety of available iPad mounting solutions.

- » Mandatory tipping
- » Drink refills
- » Page server (optionally integrates with SoftTouch SoftCall Paging system)
- » Special ordering (customers can attach custom messages to their orders)

SoftTouch iKiosk

SoftTouch iKiosk is an affordable self service solution for restaurants and eateries. Patrons can place orders and render payment from POS integrated, customer-facing kiosks.

SoftTouch iKiosk uses an intuitive user interface to quickly guide customers through the ordering process. Configuration options make this system flexible for a variety of eateries.

SoftTouch iKiosk easily mounts on a pedestal or wall using a variety of available iPad mounting solutions.

- » Order and Pay
- » Order Now, Pay Later
- » Order Pickup Numbers
- » Cash Payments
